## CAN YOU ESCAPE IN 60 MINUTES?

foxinaboxhongkong.com/team-building

# WHEN THE DOOR CLOSES, HIERARCHY DISAPPEARS.

Give your team an original experience that builds bonds and brings people out of their comfort zone. During the game the hierarchy disappears and only collaboration counts. Each game lasts 60 minutes, so it fits easily into meetings, seminars and training days.

**ONE ROOM. ONE CLOCK. ONE TEAM.**

# FOUR SKILLS. ONE WAY OUT.

Every challenge reveals how your team thinks under pressure.

01

## CREATIVITY

Observe details, see problems from a new angle and step out of your comfort zone.

02

## CRITICAL THINKING

Question, then question again. Analyse the situation instead of reaching for easy answers.

03

## COOPERATION

Pool your skills to make progress. Playing as a team is the key to success.

04

## COMMUNICATION

Share information and think together to reach the common goal.

# THE GAME ENDS.
# THE IMPACT TRAVELS.

Your team returns to work with more than a story.

Strengthen cohesion and team spirit. Develop listening and communication. Improve decision-making under pressure. Reveal each person's hidden talents.
